PB EUROPE

PROTECTOR BOATS AUTHORISED DEALER

PB Europe is proud to be Europe's exclusive dealer for globally recognised Protector Boats and their high-performance range of RIBs. A subsidiary of Europe's largest broker network, the Ancasta Group, we have extensive reach across the territory and beyond.

PB Europe offers new and used brokerage, approved Protector servicing, after sales care and support in one company: proud to represent and proud to deliver.

ANDY ANDREWS
BRAND MANAGER PB EUROPE

HIGH PERFORMANCE EASY TO MANAGE

The Protector Chase flagship, the 410 Chase is the most versatile large RIB on the market today. With no compromise to performance the 2.9m internal beam allows for any number of options and upgrades; cockpit wet bar and BBQ, bench seating, dive bottle racks and many more. The proven hull will comfortably take on the most demanding conditions whilst the crew and passengers sit in comfort. Popular with Superyacht tenders and fully custom fit-out, the Protector 410 Chase is for the most demanding of buyers

IMMENSELY SPACIOUS, SERIOUSLY CAPABLE

The Protector 380 Chase features more deck-space than you'll know what to do with. This is an immensely spacious and capable vessel with the option for two engines and a walk-through swim platform or three for unmatched power and reliability. Its over-sized centre console has room for three large MFD screens and features three shock mitigating captain's seats. Thanks to the boat's massive internal beam of 9.5ft there's huge storage space and even the option to add extra seating or cockpit bar for entertaining.

The huge hull and advanced design, typical of Protector vessels, ensures that the 380 Chase can handle rough water and long journeys at pace and with ease. This is the perfect vessel for high performance users from super-yacht tenders and serious recreational users to yacht racing teams alike.

MORE SPACE MORE POWER

The Protector 330 Chase is a high performance centre console which has found popular application in the world's largest sailing events for its high horsepower capability and massive deck space. Larger fore and aft deck space means you can bring the whole crew aboard and store anything you need, add additional seating or a bar for entertaining, while its full sized bimini offers shelter from the weather.

Plus its extended hull and advanced Protector design means the 330 Chase rides smoothly at high speeds, even in rough seas. This makes the 330 Chase hugely popular as a support boat for events like the Sail GP and the events alike who need room for spare sails, race and support crew. The Protector 330 Chase is also the largest boat worldwide that can fit inside a 40 ft container, making it easy to transport around the world wherever you need it.

THE ULTIMATE HIGH PERFORMANCE UTILITY VESSEL

The Protector 310 Chase is the ultimate high-performance utility vessel. It's advanced design and efficient hull ensures that it rides smooth and steady in true Protector fashion. There's even the option to include a number of luxuries like a wet bar with a fridge, sink and fresh water or an on board toilet. The full-sized bimini offers protection from the elements, and the spacious 360 walk-around deck features two comfortable, shock mitigating captains chairs at the helm as well as the option to have luxury seating at the transom. This is the ideal boat for recreational users who want a high performing vessel for diving and fishing, or as a tender for remote baches, superyachts and yacht racing syndicates alike.

HIGH PERFORMANCE EASY TO MANAGE

The Protector 250 Chase offers the best of both worlds. It's light and compact, making it easy to launch and tow on the open road, but it's also built to offer a smooth ride and high performance even in rough seas. It's advanced hull design allows the 250 Chase to perform effortlessly in rough waters and manoeuvre easily in high traffic areas. There's a large dash for dual GPS screens, modern styling, and room for a private toilet. The centre console leaves ample space on the deck for the whole crew and the large bimini offers plenty of protection from the weather. The Protector 250 Chase is the perfect easy-to-manage boat for family fun, yacht tenders or support/chase boats alike.

310 TARGA

**ANY WATER,
ANY WHERE**

The Protector 310 Targa is among the most capable and durable utility vessels in its class. Extremely popular with demanding commercial users such as coastguard organisations, military personnel, police and border protection whilst also an increasingly attractive option for serious recreational users. No matter what your purpose may be, the 310 Targa can be customised to suit your year-round boating needs.

MULTIPURPOSE EXCELLENCE

The new 310 Targa is the ultimate sport-utility boat, fully customizable for both professional or recreational missions. Whether you're out island-hopping with family and friends or running search & rescue missions in more challenging conditions, this is the right vessel for the job. Matched to Protector's world-renowned construction, handling and performance, the new cabin design with larger helm station and integrated windshield make the 310 Targa the top choice for boaters looking for a multipurpose platform.
